Come early and have dinner with friends.

MESSAGE FROM THE PRESIDENT

My Corvette family,

As I ponder about life and Corvettes it occurs to me that our lives are filled with many other special events beside our beloved Corvette. I speak from experience...wearing too many BIG hats.

The Corvette show season is upon us and rapidly filling up all the free time we thought we had. Our club calendar is full of events that many of us have enjoyed in the past and look forward to as well as new shows and events that "we would like to attend". The calendar includes NCCC as well as NWACC events and while our club is no longer affiliated with NWACC that does not keep us from enjoying the events and many friends we all have made in the past years.

Classical Glass Corvette Club has our "FIVE STAR" event this late summer and planning is moving forward towards this major event on many Corvette club calendars. Please get in contact with Dennis Beaulieu or Rick Landry to help in any way... you might be surprised at the many different ways you can help.

I look forward to seeing you at some of the events this year... my calendar is FULL and I will be at those events that my time allows. See you all there!!

Keep your eyes peeled for updated information on the club website as well as in the "Underglass".

Save the wave!!

DID YOU KNOW ????

The original front emblem and horn button was designed to show a checkered flag crossed with an American flag. The design was changed when it was discovered that using an American flag on a commercial product is illegal. The American flag was changed to a flag showing the Chevrolet “bow-tie” emblem and a French fleur-de-lis symbol, reflective of the French etymology of the Chevrolet name.

Cruising time is HERE check out the coming events!!!!

An argument developed between Bill Mitchell and Zora Arkus-Duntov over the now-famous split rear window in the 1963 coupe, favored by Mitchell. It was removed the next year and never seen again. A total of 10,594 split-window coupes were produced in 1963.

Museum Receives Three Awards

The National Corvette Museum was presented with three awards by the National Association of Automobile Museums at their annual conference.

The awards received include:

1st Place: Film and Video, Sinkhole at the National Corvette Museum

2nd Place: Website, NCM Motorsports Park

3rd Place: Newsletters and Magazines, America's Sportscar Magazine

MOTORSPORTS PARK NEWS

NCCC Partners with NCM and Motorsports Park

The National Council of Corvette Clubs has stepped forward to sponsor a garage at the NCM Motorsports Park and will be hosting their first event at the Museum and track Memorial Day weekend.

"Having a sponsorship of a garage at the track is a great way to get our name out in front of Corvette owners who like to have fun with their car," NCCC President Dave Heinemann said. "We use the car, not just show it. I see this as a collaboration and an opportunity for not only us to grow our membership, but for the Museum to grow theirs as well."

The NCCC is comprised of nearly 300 Corvette clubs totaling over 17,000 members in the U.S. and is the largest nonprofit, all volunteer Corvette organization in the country.

MSP Nets Awards

The NCM Motorsports Park's website was awarded a 2nd Place Award of Excellence in the National Association of Automobile Museum's "NAAMY" award ceremony. The website was designed by The Antos Agency of Reno, NV.

Scotty's Contracting and Stone, who paved our track, earned an award from the National Asphalt Pavers Association for Quality in Construction. Scotty's was praised for looking at every aspect of the asphalt - mix design, liquid asphalt, paving, aggregate source, and smoothness to ensure a smooth, durable pavement with the proper grip and tire wear characteristics.

Garages and Pavilion Construction Update

Though the late winter snow and rain has slowed construction somewhat, the crew is moving full steam ahead on the day garages and Kimberlee A. Fast Pavilion with restrooms and open air, covered picnic area.

This week they have been installing the steel columns into the concrete slab. Work is also underway for a fuel station and RV hookups. Construction is expected to be complete in May.

Are you a Corvette enthusiast? Are you a National Corvette Museum member? If not, why not.

If you are interested in the National Corvette Museum events or offerings, please contact me or see me at one of our meetings or events.
